NEW BRUNSWICK
NEW JERSEY

1926

July 22nd.

Dear Mr Pfeiffer-

Would you answer the enclosed? If so will you? Nothing more has come except an anonymous typewritten scrap calling me names. Did you ever see anything so full of hot air as the Graphic? I do not see the Mirror. Willie is quite upset over what has been said about him.

Do you think there is really any new investigation going on?

It is rather warm here these days, I hope New York is cooler.

Very cordially

Francis Noel Hall
